Dissemination activities in Slovenia

1. Leaflets

We created a leaflet for pupils, parents and local community, in which we present the project Erasmus + for European Schools entitled "Take chances! Keep your balance! Move on!".

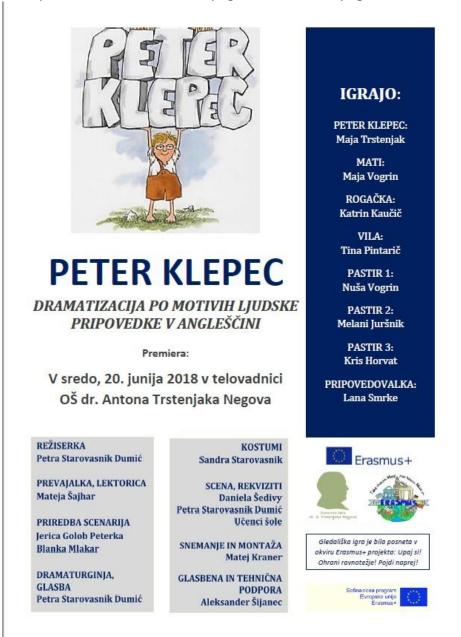

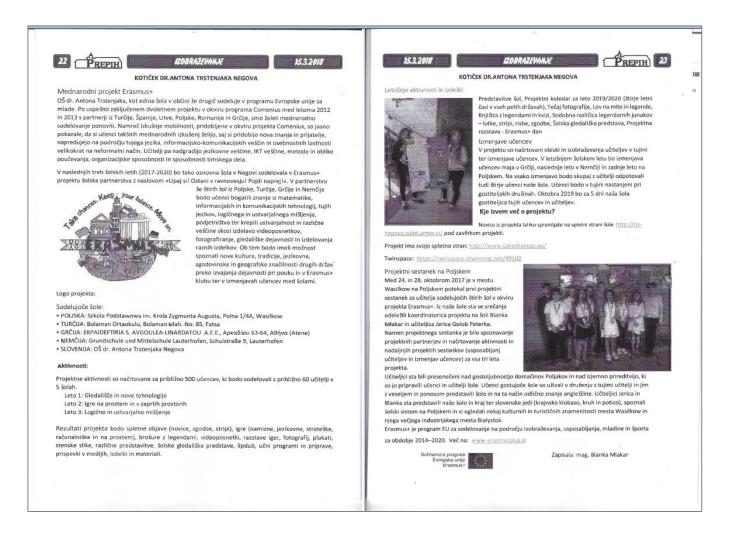

2. School play placards

Students guided by the teacher created a placard and a banner inviting to the play show. Both were posted on our school web page and Facebook page.

3. Press articles and local TV releases

In the local newspaper called Prepih were released two articles on two pages. First in March with the presentation of the project, about the first activities and about the project meeting in Poland. Second one in July about the first year results and about the mobility in Greece.

The project and its results from the first year were presented on the local TV: TV Radgona TV SRK-11 in July 2018.

4. School website posts

Information boards

7. Project exhibition Erasmus+ Day

On 20th of June we organized Erasmus+ day where we prepared exhibitions of photos from project activities from the first year. We exhibited the photos of our school and its surroundings made by students during the school year.

We performed our school theater play of Peter Klepec in English. On the show we invited local authorities from different societies and members of City hall Gornja Radgona. We were honoured with the visit from our mayor Mr. Stanko Rojko.
