

Dissemination activities in Slovenia (year 3)

1. Presentations in the school

On the last school day, on 24th of June 2020 the project coordinator in the school, Blanka Mlakar at the school event, which was also attended by the Mayor of the Municipality of Gornja Radgona, Mr. Stanko Rojko, presented a brief renewal of the three-year project. She also showed some photos of the last student exchange in Poland in February just before the coronavirus epidemic.

2. Press articles and local TV releases

In the local newspaper called Prepih were published three articles.

First article in November was a record of the events from the student exchange we hosted in October 2019. Below, three of our student students, the hosts, described their memories from this week.

6. Gadgets

In the welcome packages for the student exchange in Negova, we gave our guests folders, name tags and a power bank.

7. Posters

Our art teacher, Mr. Zelko made a design and posters for student exchange in our school.

8. Welcome show- the opening event of students exchange in Negova and Thursday event of slovenian traditions

On Monday, 14th of October, the first day of student exchange in Negova, we prepared an opening event for the guests of the Erasmus + project, for the entire local community and parents, where those present were also greeted by the Mayor of the Municipality of Gornja Radgona, Mr. Stanko Rojko.

On Wednesday, 16. 10. 2019, we prepared a picnic for parents and guests from abroad with a presentation of Slovenian culture (dance, music, food).

9. Project summary: Erasmus+ Day

On the last school day, on 24th of June the project coordinator in the school, Blanka Mlakar at the school event, which was also attended by the Mayor of the Municipality of Gornja Radgona, Mr. Stanko Rojko, presented a brief renewal of the three-year project. Because of Covid19 epidemic just the students and teachers were presented.

Ms. Mlakar also showed some photos of the last student exchange in Poland in February just before the coronavirus epidemic.

At the end of the event the bottled juices were donated to the families of our students who hosted foreign children as part of the student exchange organized by our school in October 2019.

10. Video releases

We created a movie The Mannequin Challenge, which was shot in our school and around village Negova.

The Mannequin Challenge was a viral Internet video trend which became popular in November 2016, in which people remain frozen in action like mannequins while a moving camera films them.
